

SOUVIK DUTTA

DATA ANALYST

+91-7980325286 | souvikduttaofficial29@gmail.com | [LinkedIn](#) | github.com/souvik-dutta2000
Kolkata, West Bengal, India

PROFESSIONAL SUMMARY

Data Analyst fresher with hands-on SQL Server, Power BI, and Excel experience, delivering a 10,000-record customer churn analysis that flagged ₹5.09 lakh in monthly revenue at risk and a 5,000+ record retail sales dashboard. Currently interning remotely at CODTECH IT Solutions. Immediately available and open to relocation to Bangalore, Chennai, and Hyderabad.

CORE SKILLS

Analysis & BI: SQL Server (Joins, CTEs, Window Functions, Subqueries), Power BI (Power Query, DAX, KPI Dashboards), MS Excel (Pivot Tables, XLOOKUP/VLOOKUP), Google Sheets

Data Preparation: Data Cleaning, Data Validation, Duplicate Removal, Missing-Value Handling, Data Transformation

Data Modeling: Star Schema (Fact & Dimension Tables), Relationships, Date Tables, DAX Measures

Visualization & AI: Interactive Dashboards, KPI Cards, Slicers, Key Influencers, Decomposition Tree, LLM Sentiment Analysis

Communication: Multilingual (English, Hindi, Bengali), Data Storytelling, Technical Documentation, Team Coordination

EXPERIENCE

Data Analytics Intern | CODTECH IT Solutions (Remote, 6-week program) | [Offer Letter](#) 23 Sep 2026 – 4 Nov 2026

- Executing hands-on data analytics assignments remotely as part of a structured 6-week internship program.

PROJECTS

ChurnSense: AI-Powered Business Intelligence | Excel, SQL Server, Power BI, AI | [GitHub](#) 2026

- Analyzed a 10,000-row synthetic subscription dataset to find who is leaving and why; cleaned it in Excel (50 duplicates removed, 63 city spellings fixed, missing age imputed) to 9,950 records.
- Engineered SQL Server queries (CTEs, window functions, CASE) to answer 10 business questions: overall churn 24.38%, Month-to-Month 34.2% vs Two Year 6.8%, and a March 2026 churn spike found with LAG().
- Developed an explainable churn-risk score as a SQL view; backtest showed actual churn of 56.7% (High), 29.9% (Medium), 10.6% (Low), flagging 554 High-risk customers with ₹5.09 lakh monthly revenue at risk.
- Classified 58 unique customer comments by sentiment and theme using an LLM, with every label manually verified.
- Designed a star-schema Power BI model with 14+ DAX measures and a 4-page dashboard using Key Influencers, Decomposition Tree, anomaly detection, and forecasting.
- Recommended annual-plan upgrades, support escalation after 3 tickets, and AutoPay incentives.

Retail Sales & Customer Analytics Dashboard | Excel, Power BI | [GitHub](#) 2026

- Cleaned and validated 5,000+ retail records in Excel using XLOOKUP, calculated columns, and Pivot Tables.
- Standardized data types with Power Query and modeled 4 tables into a star schema with a Date table.
- Produced a 5-page Power BI report with KPI cards, line and donut charts, regional maps, and slicers, powered by 4 DAX measures (revenue, sales, profit, profit margin).
- Delivered insights on product performance, sales trends, regions, and customer segments; documented data sources and logic.

CERTIFICATIONS

- [Excel Dashboard Creation](#), Simplilearn
- [SQL for Data Analysis](#), Simplilearn
- [Analyzing & Visualizing Data with Microsoft Power BI](#), Simplilearn
- [Data Analytics](#), Simplilearn
- [Certificate of Participation: Power BI T20 World Cup Dataset](#)

SQL PRACTICE

- HackerRank:** earned a 2-star SQL badge by solving problems on joins, aggregations, GROUP BY, subqueries, and filtering.
- CodeChef:** practicing SQL problems daily | codechef.com/users/souvikdutta99

EDUCATION

B.Tech, Information Technology | B.P. Poddar Institute (MAKAUT), CGPA 7.95 (till Sem 6) 2021 – 2024

Diploma, Computer Science Technology | Technique Polytechnic Institute (WBSCTE), CGPA 7.70 (till Sem 6) 2018 – 2021

Class XII (WBCHSC, 2018) and Class X (WBBSE, 2016) | Sreerampore Malina Lahiri Boys Academy

EXTRA-CURRICULAR ACTIVITIES

- Orchestrated the successful execution of "Malang 2.0" freshers' event (2021) for 500+ attendees, managing all logistical aspects and volunteer coordination.
- Planned the Teachers' Day event (2022), coordinating schedules, tasks, and student participation.
